INDEX OF AUTHORS

PAGE

BACOT, A. and LINZELL, L. The Incubation Period of the Eggs of *Haematopinus asini* 388

BACOT, A. and TALBOT, G. The Comparative Effectiveness of Certain Culicifuges under Laboratory Conditions. (With 1 Text-figure) 221

BASSETT-SMITH, P. W. A Short Laboratory Study of *Spirochaeta icterohaemorrhagiae*. (With Plate IX and 1 Chart) 198

BAYLIS, H. A. On two new species of the cestode genus *Oochoristica* from Lizards. (With Plate XXI) 405

BODKIN, G. E. The Biology of *Amblyomma dissimile* Koch. With an Account of its Power of reproducing Parthenogenetically. (With Plate II and 1 Text-figure) 10

CAWSTON, F. G. Bilharziasis in Natal 83

CAWSTON, F. G. The Cercariae of the Transvaal 94

COLES, ALFRED C. *Spirochaeta icterohaemorrhagiae* in the Common Rat in England. With Remarks on the Minute Structure of these Leptospira (Noguchi). (With Plate I) 1

CUTLER, D. WARD. Observations on *Entamoeba histolytica*. (With Plate VII and 1 Text-figure) 127

DOBELL, CLIFFORD. A Revision of the Coccidia Parasitic in Man. (With Plate VIII and 2 Text-figures) 147

DUKE, H. LYNDHURST. Tsetse flies and Trypanosomiasis. Some questions suggested by the later history of the sleeping sickness epidemic in Uganda Protectorate 415

GRAHAM-SMITH, G. S. Hibernation of Flies in a Lincolnshire House . . 81

GRAHAM-SMITH, G. S. Further Observations on the Habits and Parasites of Common Flies. (With Plates XVIII, XIX, 23 Text-figures and 2 Charts) 347

GROVE, A. J. The anatomy of the head and mouth parts of *Psylla mali*, the Apple sucker, with some remarks on the function of the labium. (With Plates XXVI—XXVIII and 1 Text-figure) 456

KEILIN, D. Supplementary Note on the Formation of a Cocoon by Cyclorhaphous Dipterous Larvae 237

KEILIN, D. On the life-history and larval anatomy of *Melinda cognata* Meigen (Diptera Calliphorinae) parasitic in the snail *Helicella* (*Heliomanes*) *virgata* da Costa, with an account of the other Diptera living upon Molluscs. (With Plates XXII—XXV and 6 Text-figures) 430

KEILIN, D. and NUTTALL, G. H. F. Hermaphroditism and other Abnormalities in *Pediculus humanus*. (With Plates XII—XVII and 28 Text-figures) . 279

LEIGH-SHARPE, W. HAROLD. *Lernaeopoda scyllicola* n.sp., a Parasitic Copepod of *Scyllium canicula*. Part II. (With 11 Text-figures) 18

PAGE

LEIGH-SHARPE, W. HAROLD. *Lernaeopoda globosa* n.sp., a Parasitic Copepod of *Scyllium canicula*. Part I. (With 3 Text-figures) 29

LEIGH-SHARPE, W. HAROLD. *Clavella sciatherica*, n.sp., a Parasitic Copepod of *Gadus morrhua*. (With 8 Text-figures) 118

LEIGH-SHARPE, W. HAROLD. The Genus *Lernaeopoda*. Including a description of *L. mustelicola* n.sp., remarks on *L. galei* and further observations on *L. scyllicola*. (With 7 Text-figures) 256

LINZELL, L., *see* BACOT.

NUTTALL, GEORGE H. F. The Biology of *Pediculus humanus*. (With Plate X and 1 Text-figure) 201

NUTTALL, GEORGE H. F. The Systematic Position, Synonymy and Iconography of *Pediculus humanus* and *Phthirus pubis* 329

NUTTALL, GEORGE H. F. Observations on the Biology of the Ixodidae. Part III. Dealing with the behaviour of the sexes in *Amblyomma hebraeum*, *Hyalomma aegyptium* and *Rhipicephalus bursa* when upon the host 394

NUTTALL, G. H. F., *see* KEILIN.

O'CONNOR, F. W. Intestinal Protozoa found during acute intestinal conditions amongst members of the Egyptian Expeditionary Force, 1916—1917. A Report to the Medical Research Committee. (With Plate XI and 3 Text-figures) 239

ORR, HAROLD. A Practical Hot Air Disinfestor. (With 5 Text-figures) . 267

PEACOCK, A. D. The Structure of the Mouthparts and Mechanism of Feeding in *Pediculus humanus*. (With Plate VI and 6 Text-figures) . . . 98

STEWART, F. H. On the Life History of *Ascaris lumbricoides* L. Part IV. (With Plate XX) 385

TALBOT, G., *see* BACOT .

YAKIMOFF, W. L. and others. Trypanosomiasis of Camels in Russian Turkestan. (With Plates III—V) 35

INSECTA

DIPTERA

Flies: *Glossina morsitans* and *palpalis*, *see* Trypanosomiasis

Melinda cognata Meigen, parasitic in snail, biology and anatomy 430 *et seq.*

Musca domestica larvae devouring living snails 451

Onesia in relation to *Melinda* 431

life history 432

Sarcophaga nigriventris Meigen living on *Helicella virgata* (a snail) 442

Sarcophaga sp. living on *Helicella virgata* (a snail) 443

Stegomyia fasciata Fabr. = *Aëdes calopus* Meigen *q.v.*

HEMIPTERA

Psylla mali, anatomy of head and mouthparts 456

HYMENOPTERA parasitica affecting flies 355

BRACONIDAE, parasitic on flies 376

Alysia manducator, biology, experiments with, figured . . 376 *et seq.*

Aphaereta cephalotes Hal., figured, habits of 381

Aspilota fucicornis Hal., record 382

nervosa Hal., figured, record 382

CHALCIDIDAE, parasitic on flies 360

Dibrachys cavus, figured, habits of 371

Diranchus sp., figured 356

Kleidotoma sp., figured 356

Mellitobia acasta, figured 361, 362

development and habits . . . . . 362 *et seq.*

Muscidifurax raptor, figured, habits of 374

Nasonia brevicornis, figured, habits of 372

Necremnus leucarthros Thoms., figured, record 374

Spalangia hirta Hal., figured, record 375

Stenomalus muscarum, figured, record 376

CYNIPIDAE, parasitic on flies 356

Figites sp., figured 357

ICHNEUMONIDAE, parasitic on flies 360

Atractodes bicolor, figured 360

exilis Hal., hyperparasite of *Melinda cognata* . . . 437

Exolytus petiolarius Thomson, hyperparasite of *Melinda cognata* . . 437

PROCTOTRYPIDAE, parasitic on flies 359

Aneurrhynchus sp., figured 359

Conostigmus sp., figured 359

Trichopria sp., figured 358

PEDICULIDAE

Classification of

Anoplura Leach 1817 332

Mallophaga Nitzsch 1818 332

Pediculidae Leach 1817 333

Siphunculata Meinert 1891 333

Haematopinus asini, incubation period of eggs of 388

Pediculus humanus, abnormalities in 279, 318

colour and light reactions of 201

crosses between the races *capitis* and *corporis* . . 315

evidence that *capitis* may acquire all characters of *corporis* 324

PAGE

INSECTA
PEDICULIDAE
Pediculus humanus, evidence that *capitis* and *corporis* intermingle in nature 325
hermaphroditism in 219, 279
iconography of 337
influence of temperature in clothing on, etc. . . . 205
manner of feeding 115
mouthparts, structure of 98
pigmentation, degrees of, seen in lice from different races 206
influenced by colour of background and light 209
influenced by colour of light . . . 216
relationship between *capitis* and *corporis* . . 340
sexual dimorphism in 280
sex-ratio 219
synonymy of 334, 339
systematic position of 329
Phthirus pubis, iconography of 346
pigmentation in, depends on colour of man's skin . 207, 217
synonymy of 345
systematic position of 329
Isospora, *see* Protozoa

Kleidotoma, *see* Insecta, Hymenoptera

Parthenogenesis in *Amblyomma dissimile* Koch 16
Pediculidae, *see* Insecta
Pediculus, see Insecta (Pediculidae), Disinfestor
Phthirus, see Insecta, Pediculidae
PROTOZOA
intestinal in soldiers in Egypt 239
COCCIDIA
parasitic in carnivores 166
man, a revision . . . . . 147 *et seq.*
rabbit . . . . . 165, 190 *et seq.*
Coccidioides, appears to belong to Oomycetes 161
Eimeria and *Isospora* 180
Eimeria oxyspora n.sp. 188
stiedae from rabbit . . . . . 165, 190 *et seq.*
wenyoni n.sp. 187
Eimeria (?) sp. the hepatic coccidium of man 190
Isospora bigemina from cat 177
hominis Rivolta 1878 (emend.) 182, 247, 250
Pseudo-coccidia 162
Rhinosporidium kinealyi almost certainly not a coccidium . . . 162
Entamoeba coli 246
hystolitica 127, 245
"*Entamoeba*" *nana* in man 249
Lamblia intestinalis infection in man . . . . . 242 *et seq.*
Rhinosporidium kinealyi 162
Spirochaeta icterohaemorrhagiae in rats in England 1
inoculations with, cultivation . . . 198
morsus muris, in England 7
Tricercomonas in man 250
Trichomonas hominis 248
Trypanosoma of camel in Turkestan
agglomeration by different sera 41
blood changes produced in dogs by 63
horses by 52
white mice by 69
infection experiments on different animals with . . 43 *et seq.*
morphology 37
pathological effects on different animals 71
vitality 40
Trypanosoma, *see also* Trypanosomiasis
Psylla, see Insecta, Hymenoptera
